WISH LIST

Be Centre is a registered charity providing vital emotional support to vulnerable children aged 3-12yrs who have been impacted by trauma or other serious life challenges. We receive no government funding and rely solely on the generosity of caring individuals and companies to ensure we can continue to deliver our vital programs.

To help meet the ever increasing need for our services, we recently moved to larger premises - this was a huge leap of faith for Be Centre and we now need to meet the financial challenge ahead so we can continue to grow.

\$170 ^{Unlimited} **Play Therapy Session**

Even one supported session will make a difference to a disadvantaged child.

\$250 ^{x6} **Equipment and creative arts supplies for the Play Rooms**

We have recently increased the number of playrooms in our new centre to six - this means we are now using twice as much paint, clay, glue, paper and glitter! Each child has their favourite things they like to do. Your help in keeping up the supplies is greatly appreciated.

\$600 ^{x1} **Sponsor an artist to conduct two holiday workshops including sensory based "Messy Art"**

These holiday programs are a great outlet for the children to come and have some fun - they love the messy art which provides the children with much needed sensory regulation.

The proceeds from "Caribbean Magic" Gala Fundraising Dinner will help Be Centre to increase the capacity of the core one to one Play Therapy program's so we can decrease our current wait list of over 100 children and see more children than ever before.

Thank you

Your support will help make a lifetime of difference to a child in difficulty.

All donations over \$2 and purchases from the wish list are tax deductible.

\$1,750 ^{x2} **A new computer to help improve productivity within the office**

With more rooms we can employ more Play Therapists and engage more interns and volunteers. We urgently need more computers to ensure that we can efficiently manage our client information and records and volunteers can support us with general Administration and fundraising activities.

\$2,500 ^{x6} **12 week Play Therapy program**

for a child whose family is experiencing financial difficulty.

\$5,000 ^{x1} **Audio and video equipment for our new observation room**

This equipment will help us provide the best possible training for new Play Therapists. It will also be used with parents to help teach play skills.
