Sandplay Therapy Training

This workshop is facilitated by Doreen Patenall, an experienced psychotherapist and lecturer who has utilised this methodology for many years both in her practice and teaching.

The workshop is for therapists with experience utilising Sandplay in their work with children and/or adults. In this workshop you will participate in experiential Sandplay sessions as both participant and facilitator and learn more about the power of symbolic play and its archetypal correspondents.

WHO IS IT FOR?

- Counsellors, psychotherapists and social workers wishing to broaden their experience with expressive therapies
- Practitioners wanting to understand how to work with their own professional development and their clients at a more profound level.

WHAT WILL YOU LEARN?

- Power of the symbols
- How to work with trauma
- The experience and facilitation of a sand tray as both therapist and client
- The power of using sand and objects as effective tools to access unconscious images and personal stories
